## SEWER USAGE RATES ADOPTED FRIDAY NIGHT

Gettysburg's borough authority Friday night set rates for the use of sewers at a meeting held in the law offices of Bulleit and Bulleit in the First National bank building.

Minimum rates for sewer usage will be \$3 per quarter for domestic use, and \$6 per quarter for commercial or municipal use. The rate structure was based on use of water, with a charge of 30 cents for the first 100 cubic feet of water used, 25c per hundred for the next 5000 cubic feet, 15 cents per hundred for the next 44,000, 10 cents per hundred for the next 50,000, nine cents per hundred for the next 300,000 and seven and a half cents per hundred for all over 400,000 cubic feet.

The rates will go into effect Tuesday. A contract was signed Friday with Municipal Management, Inc., to take over operation of the sewer system effective Tuesday morning. The first bills for the sewer rental will go out in about one month.

### Expect \$49,669 Rental

The income from the sewer rental is expected to be about \$49,669 per year, which was estimated as the amount that will be needed yearly to pay operating costs and refund the debt of approximately \$400,000 that will be required to construct a new sewer plant and renovate the sewer system.

Under present plans the cost of the new sewer plant will be paid off in 40 years. Money raised by the sewer rental before construction of the plant will reduce the amount that will have to be borrowed. It was said.

To raise the same amount of money as will be raised through the sewer rental, the authority estimated, a 15 mill tax on the town's more than \$3,000,000 assessed valuation would have to be levied.

Under the present plan non-taxable properties will pay their share of the sewer cost.

### Sign Two Contracts

Two contracts were signed with Municipal Management Friday night. One provides for the company to operate the sewer system during construction of the new plant, and the second provides for Municipal Management to take over the business after the new plant is constructed.

Municipal Management was also authorized to lay new lines to prevent overflow and inspect all premises to determine whether the premises may be in violation or whether they should have adjusted rates. A survey has been started on various industrial plants concerning adjustment of rates, the authority board announced. Where there is an unusual pollution of the water, or a heavy concentration of solids, thus calling for more care at the disposal plant, the sewer rent will be higher. Where little of the water goes back into the sewer mains, such as at the Ice and Storage plant, which uses great quantities of water, the rates will be lower.

### New Plant Cheaper

No house-to-house canvass is planned to determine usage, but the company has the authority, under (Continued on Page 2)

## TWO TEACHERS ARE ELECTED BY FAIRFIELD BRD.

The Fairfield Joint School board elected two new teachers at a meeting held in the school Friday night, and accepted the resignations of two others.

Ira Kerr, Emaus, Pa., was named physical education teacher and athletic coach for the school year beginning next fall, when the new Fairfield school will be ready for use and the school program expanded.

Miss Betty Jean Wenschhof, Gettysburg R. 2, was elected to head the commercial department.

### Two Teachers Resign

The resignations were those of Mrs. Dorothy Huntley, Fairfield, and Mrs. Sarah Jane Grissinger, Gettysburg. Mrs. Huntley is an elementary teacher and Mrs. Grissinger Latin and English teacher. The resignations are effective at the close of the school year.

Mr. Kerr is a graduate of East Stroudsburg State Teachers' college, where he played varsity football, basketball and baseball and was a member of the year book staff.

Miss Wenschhof is a graduate of Gettysburg high school and Shippensburg State Teachers' college. At Shippensburg she was a member of the staff of the Campus Reflector and the year book, and a member (Continued on Page 2)

## Maroon And White Given Honor Today

Sports writing won for the Maroon and White, Gettysburg high school's student newspaper, a second place award today at the annual high school press conference at Pennsylvania State college. The local paper's honor was among 28 awards made during today's conference.

The first place award for sports writing went to the Mountain Echo of Altoona high school.

## MISS KADEL'S CHOIR SINGS HERE SUNDAY

A special concert of sacred music by the adult choir of the Emmanuel Reformed church, Hanover, will be presented Sunday evening at 7:30 o'clock in the Presbyterian church here, with three local pastors taking part in the brief worship service that will form a part of the evening's program.

The choir is directed by Miss Lois Kadel, daughter of Mrs. J. H. Kadel, West Middle street. Dr. Nevin E. Smith is pastor of the Emmanuel church in Hanover. The choir is well known for its annual presentations of Christmas and Easter sections of Handel's "Messiah."

### Local Pastors Take Part

The Rev. Dr. Howard S. Fox, pastor of Trinity Evangelical and Reformed church here, will read the scripture and offer prayer. The invocation will be given by the Rev. Clyde R. Brown, pastor the host church, and the benediction will be pronounced by the Rev. Wallace E. Fisher, pastor of Christ Lutheran church.

The first section of the concert will open with Handel's "Hallelujah Chorus" followed by "God, My Shepherd, Walks Before Me," Bach, with Helen Hewitt as soloist and Julia Ann Hamm, flutist. The final number in that section will be "Jerusalem, O Turn Thee to the Lord," Gounod, with Helen Hewitt as soloist.

Section 2: "I Waited for the Lord," Mendelssohn, with Lillian Lippy and Nancy Yingling, soloists; "I Want Jesus to Walk with Me," Boatner, with Margaret Scheivert, soloist; "My Shepherd Will Supply My Need," traditional southern arrangement. (Continued on Page 8)

## KOREAN VET IS BURIED FRIDAY

Military funeral rites were held Friday afternoon in the Gettysburg National cemetery for Cpl. William M. Baumgardner, Fairfield R. 1, the first countian killed in action in the Korean war.

The Albert J. Lentz Post No. 202, American Legion, was in charge of the graveside services, following services held at 2 o'clock at the Bender Funeral home in charge of Rev. O. D. Coble, Bendersville, a former army chaplain.

The color guard was made up of Paul B. Fox, Harold Wentz and Charles Smith. Pallbearers were G. Noel Flynn, Wilbur A. Gelselman, John Sanders, Roy A. Alexander, Edward Culp and Joseph E. Smith.

Members of the firing squad, in charge of C. Arthur Brame, Sr., were Howard Williams, Paul Haynes, Kenneth Tawney, William T. Timmins, Jr., Donald Staub, C. Arthur Brame, Jr., and Pat Redding. The bugler was Edward Hughes.

Cpl. Baumgardner was killed in action in Korea on July 12, 1950.

## United We Stand..... Divided We Fall

By LEIGHTON C. TAYLOR

Karl Marx, author of the Communist bible, predicted the end of the capitalist-free-enterprise-system many years ago. He declared that capitalism was doomed to extinction through internal disintegration. The Russians, in the writer's judgment, are waiting for the moment when conflicting elements in our American Way of Life reach a sufficiently formidable crisis whereupon they will move in and our heritage of free institutions will disappear. In truth, to the unbiased mind, it would seem as though the gyrations of our government are in the direction of proving that Marx was right.

Our tax dollars are being used to buy votes either directly or indirectly. Synthetic crises are created to achieve political ends while appeals are made to prejudice, and to class interests.

## ASK PUC OKAY ON TELEPHONE RATE INCREASE

The United Telephone company of Pennsylvania today filed with the Pennsylvania Public Utility commission new rate schedules for the Gettysburg district which, if approved, will become effective for the first full month's service rendered after June 30.

The increase, if granted, will apply to all United subscribers in the county.

The increased telephone rates, applicable to Adams county, were announced by the telephone company, as follows:

Residence telephones: one-party lines, \$3.25 per month; two-party, \$2.75; four-party, \$2.25; multi-party, \$2.25; extension stations, \$1; PBX trunks, \$7.

### 20 Years Since Last General Raise

Business telephones: one-party, \$5.25; two-party, \$4.75; four-party, \$4.25; multi-party, \$4.25; extension stations, \$1.25; PBX trunks, \$7.

Rates for supplemental equipment and services have also been increased. The rates do not include the 15 percent federal tax which has been applicable on local telephone service since 1944.

"There has been no general change in our local service charges for over 20 years," John Caldwell, local United manager, said today, "and in view of today's needs these rates have proved too low to assure adequate and dependable telephone service, combined with financial stability of the company."

In a letter to all United Telephone customers, L. R. Thurston, president of the company, said that (Continued on Page 6)

## NOTED HARVARD PROFESSOR TO BE HEARD HERE

Prof. Crane Brinton, McLean professor of history at Harvard university and outstanding teacher, scholar and author, will be the principal speaker at a banquet to be given by the Gettysburg college chapter of Phi Beta Kappa for new members on Thursday evening, May 10, at Trinity Evangelical and Reformed church.

The initiation is scheduled for 5 o'clock on the same date in the SCA building. The banquet will be held at 6 o'clock. Under-graduates to be initiated in the national scholarship honorary society are:

R. Ray Eveland, Douglas G. Martz, Virginia M. Decker, Robert B. Wareheim (Littletown), Barbara T. Eves, Margaret B. McGuire, Harold H. Morgenfruh, John A. Larsen, Louis J. Hammann, Donald L. Stout, Alfred K. White, Jr., and William R. Rock.

Prof. George R. Larkin, president of the chapter, will preside at the dinner. Dr. Brinton's latest book, "Ideas and Men," is a current best seller in the non-fiction field.

On Saturday, June 2, Phi Beta Kappa will meet at 8:45 a.m. in the SCA building for the initiation of Dr. John W. Ostrom, class of 1926, and Rev. Dr. Robert D. Hershey, class of 1931, as alumni members.

The general public is invited to hear Dr. Ostrom speak on Edgar Allen Poe in the SCA auditorium. Dr. Ostrom is head of the English department at Wittenberg college, Springfield, Ohio. Dr. Hershey is pastor of Holy Communion Lutheran church, Philadelphia.

The president urged the women to attend the quarterly deanery meeting to be held at St. Andrew's parish Sunday afternoon. It was announced that Youth Day will be held at St. Joseph college, Emmitsburg, Sunday, May 20, for all the young people of the Conewago Deanery.

The parish officers were re-elected for another year as follows: president, Miss Miller; vice president, Mrs. Edgar Dillson; secretary, Miss Hall, and treasurer, Mrs. Helen Baker. The study club discussion was held under the direction of the president in the absence of the chairman, Miss Grace E. Kane. It was decided that the May meeting will be held in the form of a covered dish luncheon in the parish hall with the youth of the parish as guests.

The meeting closed with the recitation of the rosary. Refreshments were served by the hostess.

### Large Crowd At Concert At GHS

A large audience that filled the Gettysburg high school auditorium nearly to capacity Friday evening was pleased with the annual spring festival by the vocal music department of the high school presented under the direction of Richard B. Shade, supervisor of music in public schools of the Gettysburg joint system.

## RHUBARB AND ASPARAGUS ON MARKET TODAY

Two more "firsts" appeared on the Farmers' market this morning, rhubarb and asparagus. Rhubarb was plentiful, at from ten to 20 cents a bunch, but there were only a few bunches of asparagus, and they brought 35 cents a bunch.

Other spring offerings included salsify, at 15 cents a bunch; new onions at ten cents a bunch, water-cress at 15 cents a quart box or two boxes for 25 cents, and dandelion greens at ten to 15 cents a quart box.

The price of eggs was up again, large whites selling for 60 cents a dozen, other large whites and browns at 58 cents a dozen and mediums in both whites and browns at 50 to 55 cents a dozen.

### Flowers Available

Dressed chickens were 60 cents a pound; butter, 70 and 75 cents a pound; potatoes, 20 cents a quarter peck, \$1.50 to \$2 a bushel; apples, 25 cents a quarter peck, \$2.50 to \$3 a bushel.

Bunches of spring flowers were available at the mart this morning at ten to 25 cents a bunch and potted plants brought from ten to 50 cents each. Cabbage plants were 30 cents a dozen and lettuce plants four for ten cents.

Other prices included apple butter, 50 cents a jar; whipping cream, 40 cents a pint; cottage cheese, 20 cents a pint; bread, 20 cents a loaf; cookies, 25 cents a dozen; pies, 40 and 50 cents each, and cakes, \$1.25.

## Catholic Women Meet On Thursday

St. Ignatius parish council of Catholic women met Thursday evening at the home of Mrs. Grace Kump, Buchanan Valley. The meeting was called to order by the president, Miss Catherine E. Miller. The prayer was given by the pastor, Rev. Fr. Lotis J. Yeager.

The secretary, Miss Betty Hall, read several letters including the official notification of the 26th annual convention of the Harrisburg Diocesan Council of Catholic Women to be held in Bloomsburg, June 27.

The president urged the women to attend the quarterly deanery meeting to be held at St. Andrew's parish Sunday afternoon. It was announced that Youth Day will be held at St. Joseph college, Emmitsburg, Sunday, May 20, for all the young people of the Conewago Deanery.

The parish officers were re-elected for another year as follows: president, Miss Miller; vice president, Mrs. Edgar Dillson; secretary, Miss Hall, and treasurer, Mrs. Helen Baker. ## SHORT FUNDS MAY CUT OUT WATER SAFETY CLASSES OF R. C.

Ten per cent short of its minimum financial goal for 1951, the Adams county chapter of the Red Cross today faced the necessity of reducing its activities program unless about \$1,400 more in cash donations is forthcoming.

And the most likely victim of the shortage of funds is the summer swimming and water safety classes for children.

"Our charter duties to the armed forces, our responsibilities for disaster relief and the increasingly urgent blood program must come first," Mrs. Albert Bachman, chapter chairman, said today.

### 7 Districts Topped Goal

"Unless Gettysburg expresses the desire to have the swimming program — by coming forth with the \$1,200 the town is short on its campaign goal — the water safety program must go," she declared.

In spite of the fact that seven of the 11 county districts met or exceeded their drive quotas, the county outside of Gettysburg is \$250 short of its goal while Gettysburg borough is \$1,199.57 below the mark set when the drive opened March 1.

Fairfield, Upper Adams county, New Oxford, McSherrystown, Littlestown, Abbottstown and Cumberland and Straban townships topped their goals as did the Third ward of Gettysburg. The county outside of Gettysburg gave \$8,028.82 while Gettysburg's total is only \$4,521.61. The overall minimum goal was \$14,000.

### Blood Program Costly

First call upon Red Cross funds goes to the members of the armed forces, their dependents and veterans. Disaster relief is another responsibility placed upon Red Cross by its charter.

Adams county, soon to become a part of the Red Cross blood gathering program, must have funds ready for that work when it begins here (Continued on Page 3)

## MRS. S. C. GUISE EXPIRES EARLY THIS MORNING

Mrs. Sallie C. Guise, 73, widow of Christian E. Guise, died at 12:30 o'clock this morning at her home in Arendtsville of coronary embolism. She had been in her usual health and was stricken suddenly at 11:45 o'clock Friday night.

The deceased was born in Adams county, a daughter of the late Henry and Lucinda Lady Weikert, and had lived in Arendtsville for the past 16 years. She had devoted much of her time in recent years to the making of quilts and was well known for this activity. Her husband died in 1938.

### Funeral On Tuesday

Mrs. Guise was a member of Trinity Lutheran church, its Sunday school and the Women's Missionary society and the Cloverleaf club, of Arendtsville.

She is survived by two children, Mrs. Arnold E. Orner, Arendtsville and Dr. Richard C. Guise, Harrisburg; seven grandchildren and two great-grandchildren. She was the last of her family.

Funeral services Tuesday morning at 10 o'clock at the Bender funeral home, Gettysburg. Rev. Robert Schiebel officiating, and interment in Evergreen cemetery, Gettysburg. Friends may call at the funeral home Monday evening after 7 o'clock.

## MISS IRWIN'S RITES SUNDAY

Funeral services will be held at the Bender funeral home Sunday afternoon at 3:30 o'clock for Miss Harriet (Hattie) B. Irwin, Gettysburg R. 2, who died suddenly Thursday evening at the home of a nephew, Shull Irwin, Washington, D. C. Rev. Clyde R. Brown, pastor of the Gettysburg Presbyterian church, will officiate and interment will be in Evergreen cemetery. Friends may call at the funeral home this evening after 7 o'clock.

Miss Irwin went to her nephew's home last Sunday for a visit and was stricken with a heart attack at the dinner table Thursday evening. She was a native of Adams county and had spent her entire life here. She was a daughter of George Washington and Amanda Appleman Irwin, and a member of the Lower Marsh Creek Presbyterian church.

She is survived by one sister, Mrs. Ida Hunter, Rettil, Wash.; one brother, Logan Irwin, Gettysburg R. 2, with whom she lived; three nephews, Claire H. Irwin, Baltimore; Kurwin Irwin, Alpine, Mich.; and Shull Irwin, Washington, D. C., one great niece and one great nephew.

## Daylight Time Starts Sunday

Daylight saving time goes into effect in Gettysburg and practically every other Pennsylvania community tomorrow morning at 2 o'clock.

All clocks will be turned ahead one hour tomorrow morning and advanced time will continue until 2 a.m. Sunday morning, September 30.

## ASK INCREASE IN ACREAGE OF CORN IN COUNTY

The Adams County Production and Marketing Administration committee today urged Adams county farmers to take another look at their fields—with the hope that they can find a few more acres available for corn production.

Martin T. Walter, chairman of the county PMA committee, noted: "I am sure that if farmers realized the seriousness of the situation, they would, wherever possible, step up corn production."

County farmers, the committee hopes, will increase corn plantings from last year's 38,110 acres to 40,200 this year, and do it without concentrating on corn to the exclusion of other important crops. But to insure full production of corn this year, countians were asked to check whether fields would do better in corn than in some other crop. A pasture that is in full production should continue as pasture, the committee noted as an example, but one that is not might be considered as a site for possible increase of corn plantings.

### Ask 10 Percent Jump

Principal reason for stressing an increased planting of corn, the PMA committee members said, is the near record increase in livestock production throughout Pennsylvania. More feed grain is needed than will probably be produced in the state, but the more that can be produced the better the general situation will be—for the high level of livestock production is necessary for the defense program to meet military and civilian requirements.

If reserves of feed grains are depleted there would have to be a heavy liquidation of livestock, with the resultant damage to the nation's economy, the PMA members noted.

The committee urged as a general rule that farmers plant 11 acres of corn where they planted ten last year. In addition the county group urged better management of corn plantings, use of more fertilizers, better preparation of the land, more efficient cultivation, increased control of pests and use of adapted hybrid seed to increase the production from each acre.

### Seek More State Aid

Philip M. Jones, treasurer, told of the interest of State Senator Donald P. McPherson and Representative H. Earl Pitzer in the matter of the state appropriation. Mr. Jones and Walter R. Doud, hospital administrator, together with Senator McPherson and Assemblyman Pitzer, recently conferred with the Senate appropriations committee and were informed that if the program of the committee is enacted into law the county hospital will receive state aid in the sum of \$13,000 annually compared with \$8,400 now being received each year.

The increase partially reflects the higher operating costs and the greater volume of free service being rendered by the hospital. Administrator Doud told the directors the hospital has operated at an average of 76 per cent occupancy for the first 10 months of the present fiscal year. He further reported that uncollectable accounts were but .028 per cent of earned income during the same period.

### Fine Letter Return

Dr. Roy W. Gifford, president of the medical staff, reported the staff is "well pleased" with the management. (Continued on Page 3)

## DR. BOYER TO SPEAK

Dr. J. L. Boyer, of the Warner hospital staff, will be the speaker at the weekly dinner meeting of the Gettysburg Lions club Monday evening at 6 o'clock at the Shetter House. He will speak as a representative of the Adams county Cancer unit. Members of the Lions' minstrel show cast will report at the high school after the meeting for a rehearsal for their appearance May 3 and 4 in the New Oxford Lions show.

## Hungary Releases Vogeler; U.S. Makes 4 Concessions

Vienna, April 28 (AP)—The Communist Hungarian government freed American businessman Robert A. Vogeler today. He returned swiftly to Vienna and a tearful but joyous reunion with his wife and two young sons.

Vogeler, 39-year-old vice president of International Telephone and Telegraph company, reached his home in the American sector of Vienna at 1:23 p.m. Austrian time (7:23 a.m. EST).

He was released at the Austro-Hungarian frontier exactly one week after the Hungarian government promised to set him free from the 15-year sentence it imposed on charges of spying. He had served more than 17 months.

"Nobody can be happier than I am," he exclaimed a short time after he crossed into Austria at the border village of Nickelsdorf. He was sped in an American diplomatic car to Vienna where he was met at the gate of his suburban home by his beautiful, blonde wife, Lucille, 34, his sons, and his wife's sister, Pia.

Simultaneously with his release, the Hungarian government in Budapest announced the price that was paid for Vogeler's freedom: 1. The United States promised to open the Hungarian consulates in New York and Cleveland that were closed last year. 2. It will lift the ban on travel by American citizens to Hungary. 3. The Voice of America will stop using the wave length of radio

### \$40,000 Farm Sold For \$12,000 By Bigham

Another of the "mystery" farms in Adams county, purchased several months ago by Attorney Franklin R. Bigham for an unidentified buyer, has been sold by Attorney Bigham for considerably less than the price that was paid for it.

It is the former Clemenington Reese farm of 167 acres in Reading township at Round Hill, which was purchased for \$40,000. It has been resold to Thomas M. Bross of near Abbottstown for \$12,000. The sale was made through C. A. Heiges and Son, Buford avenue.

## STATE PRAISES LOCAL HOSPITAL FOR "SERVICE"

Good news came in multiples to the directors of the Annie M. Warner hospital at the meeting of the board Friday evening held in the board room in the C. H. Musselman memorial annex.

The Pennsylvania Department of Welfare, following a thorough inspection of the hospital in March, declared that the local institution meets all state requirements and was found "clean and orderly throughout" and "the renovations and new equipment add greatly to the service for patients and the community."

The hospital auxiliary, through its president, Mrs. Henrietta Blocher, Gettysburg, told the directors of the purchase of 16 new chairs to replace worn furniture in patient rooms; reported the completion of the second diet kitchen and pledged continued co-operation of the county-wide auxiliary membership to further the work of the hospital.

Tokyo, April 28 (AP)—Communist troops today captured Uijongbu on the historic invasion route only 11 miles north of Seoul.

The U. S. Eighth Army announced the vital road hub was in enemy hands but gave no details.

Allied forces on the Korean western front began falling back through Uijongbu Friday.

Allied artillery in Seoul fired throughout Saturday at the onrushing Reds.

United Nations forces continued pulling back on central and eastern fronts but reported no contact with the Reds.

### Reds Use Reserves

The Red Korean Pyongyang radio said Saturday night that Communist reserves had reached the battlefront. The official Communist station usually reports developments at least three days after they take place.

All along the 100-mile battlefield Allied forces have pulled back into South Korea.

They have killed or wounded more than 41,500 Reds in their fighting withdrawal.

The Reds mounted their biggest offensive on the western front. Some 300,000 troops were driving on Seoul. Tens of thousands of civilians fled the South Korean capital.

Thirty American cargo planes landed Friday at Kimpo, big airport northwest of the old capital, with war supplies. The planes carried away Allied military personnel.

PRICE CLEAVER FALLS TONIGHT ON MEAT PRICES

Washington, April 28 (AP)—The government raised its price cleaver today for a swing at the high cost of meat. Official said a four-to-five-cent-a-pound cut in beef prices to consumers is due by August with a similar slash to follow next fall.

Actual dollars-and-cents ceilings on beef prices will be announced tonight.

One official told a reporter the orders will provide for progressive rollbacks in the prices of live cattle—a new method in food price control. These rollbacks are due in three stages.

The official said the first "sizeable reduction" will be ordered immediately. It was understood that first cut would amount to five to 10 per cent.

May Need Adjustment  
An Office of Price Stabilization (OPS) expert said wholesale and retail prices will not be reduced on the first go-round but here may be some adjustments next month as a result of the live animal cuts.

Postponement of the first reductions at wholesale and retail levels will give feeders who fatten cattle for slaughter a chance to clear their pens of animals for which they have paid high prices, an official explained. Otherwise, he said, the feeders would face heavy and perhaps ruinous losses.

The first across-the-board cut in wholesale, retail and live cattle prices is due in mid-summer, probably around August, an official said. The second across-the-board cut is set in the orders for next fall, he added.

Announcement Tonight  
Assistant OPS Director Edward F. Phelps called a news conference today to outline the order to news-men. They will be made public tonight.

Joseph M. Jacobs, Chicago attorney for Amalgamated Meat Cutters and Butcher Workmen of America, wired Economic Stabilizer Eric Johnston, urging immediate approval of an 11-cent-hourly wage boost in the meat industry. Johnston had turned down the wage agreement between two unions and three large packing firms because the pay raise would exceed that allowable under the wage control policy.

Jacobs said Johnston should approve the agreement to be consistent with his approval of a six-cent hourly raise for non-operating rail workers.

The court approved the tax collectors' bond of H. B. Millar, New Oxford.

SEWER USAGE

(Continued from Page 1)

the plan set up Friday night, to make what inspections may be necessary in connection with serving homes as well as business establishments.

Original plans for adding a unit to the present sewer plant have been abandoned, the authority board announced, because it was felt that the unusual expense of operation would prove more costly than construction of a new plant. Construction of a new plant, it was estimated will save more than \$4,000 per year in pumping costs.

Early Construction

The plan for the new sewer plant has been approved by the state Department of Health and final details are now being worked out, the authority official said. The authority hopes to be able to begin work on the new plant, to be located on the present plant property at Rock Creek, sometime late this summer. Under the present plan the present sewer disposal plant will be used temporarily in connection with the new plant until it wears out. It will then be replaced with more modern facilities.

Resolutions were adopted accepting the deed to the sewer plant property from the borough.

Ray M. Hoffman, president of the authority board, George T. Raffensperger and Attorney Eugene V. Bulleit reported at Friday's meeting that they had spent Tuesday and Wednesday in Philadelphia where they completed the call and replacement of \$345,000 of the original water bonds issued by the authority. Because of the recall and replacement of the original bonds, the authority will save \$750 a year in interest, or approximately \$30,000 over the life of the bonds.

TWO TRUCKERS ARE Fined By Justice

Two truck drivers, Arthur E. Kuhnes, Rahway, N. J., and Glenn D. Stock, Oconomowoc, Wis., were fined \$50 and costs by Justice of the Peace Robert P. Snyder on overweight charges filed by state police of the Gettysburg substation. Kuhnes was arrested at 3 p.m. Friday and Stock at 41 p.m.

Harry J. Hoben, Tamáqua, Pa., charged by state police with speeding, paid a fine of \$10 and costs to Squire Snyder.

Donald Albert Leiby, Frederick, Md., paid \$5 and costs this morning to Squire Snyder for running through a red blinker light on Steinwehr avenue. He was arrested at 7 a.m. by borough police.

## SENATORS AND CARDS ARE BIG '51 SURPRISES

By JACK HAND  
(Associated Press Sports Writer)

The Washington Senators and St. Louis Cardinals are the real surprise clubs of the early 1951 season. Washington's dazzling spurt on sensational pitching shot the Senators to the front of the American league pack. Six of Manager Bucky Harris' eight starting pitchers went the route. One was lifted for a pinch hitter after eight innings.

Sandy Consuegra did his stuff on the sorry Philadelphia A's last night, with a five-hit 6-1 job. Washington historians claim the Senators are off to their best start in history with a 7-1 record.

### Cubs Shut Out

St. Louis pitching has been even better than Washington's with five complete games and two shutouts in seven starts.

Gerry Staley shut out Chicago, 3-0, with six hits for his second route-going job against the Cubs. He has allowed only one run in 18 innings and the entire St. Louis staff has yielded only two runs in the last 37 innings.

A couple of ex-Giants, Willard Marshall and Sid Gordon, made life miserable for Leo Durocher's Giants with home runs in Boston's 7-3 victory. Marshall's came in the sixth with two on to send Boston on top for keeps. Warren Spahn was the five-hit winner. It was New York's ninth straight loss.

### Kiner's First Homer

Gil Hodges continued his power hitting with two homers and a double in Brooklyn's 11-5 rout of the Phillies. Joe Hatten, although knocked out in the ninth, was the southpaw winner.

Ralph Kiner's first homer wasn't enough to save Pittsburgh as Cincinnati grabbed a 7-5 decision. Ewell Blackwell picked up his second win. Wally Westlake, Pittsburgh's left fielder, hurt his left knee sliding into second base. He was carried off the field.

The only American league action in addition to Washington-Philadelphia was the Boston Red Sox 4-3 victory over the New York Yankees. Mel Parnell became the first Boston pitcher to go the route, allowing nine hits including Joe DiMaggio's first homer.

## Sport Shorts

New York, April 28 (AP) — Joe DiMaggio will enter Lenox Hill hospital today for x-ray treatment of a stiff right shoulder. If examination shows no extensive damage, he'll be in the lineup against Washington this afternoon.

DiMaggio, who hit his first home run yesterday at Boston, complained of stiffness after the game. He has not been able to throw properly during the Red Sox series.

## Yesterday's Stars

(By The Associated Press)

Batting — Gil Hodges, Dodgers, hit double and two homers in Brooklyn's 11-5 win over Phillies.

Pitching — Gerry Staley, Cards, shut out Chicago with six hits, 3-0, for second straight victory.

## Allies Lose

(Continued from Page 1)

urday along that sector.

In the west-central sector, the Allies gave up Kapyong to the Reds. Kapyong, 35 air miles northeast of Seoul, is on the Chunchon-Seoul highway.

The Reds cut the highway too late to trap any United Nations forces. Eighth Army headquarters reports said all U.N. forces had quit the area.

### Allies Hold Chunchon

Chunchon itself still was in Allied hands. But it was in the path of another 100,000 Reds coming south down the mountainous spine of Korea.

Field dispatches said Communist pressure was being exerted on Allied troops falling back from the Hwachon reservoir area north of Chunchon.

Apparently, however, all Allied troops late today were safely south of the 38th Parallel in that sector.

Nowhere, except in the east coast region, were United Nations forces still inside Red North Korea. Between the Hwachon sector and the east coast, Allied troops fell back just south of the 38th Parallel.

Small enemy probing attacks were being thrown at the Allies along more than 10 miles of front in this sector.

### Heavy Red Losses

Lt. Gen. James A. Van Fleet, Eighth Army commander, was not telling the Reds just how far south the U.N. forces would withdraw.

But Friday he said his men could wheel and hold the Reds north of the Han river. The Han skirts the southern edge of Seoul.

On the day he spoke, his forces killed or wounded 4,680 Chinese and North Koreans by official estimate. This put enemy casualties in the six-day-old Red offensive at 41,565 killed or wounded.

Despite these losses, the Chinese Reds by pressing forward for six straight days were making their longest continuous push since they went into action last November.

## WARRIORS TOP SQUIRES 6-3 FOR 3RD WIN

Backing up three-hit pitching on the part of Dick Miller with eight safeties, the Gettysburg high school baseball team won their third victory of the season by defeating Deleone Catholic 6-3 on the Recreation diamond Friday afternoon.

Miller yielded three singles and whiffed 10 batsmen while walking but two.

Coach Howard Shoemaker's lads tallied in the opening frame, on a single by Rohrbaugh, wild pitch, sacrifice by Signor and a single by Singley.

A walk to Signor, felder's choice on Bupp's grounder to third, and singles by Singley, Little and Ford produced three more Warrior runs in the third.

Deleone tabbed a pair of runs in the top of the fifth via a single by J. Smith, walk to Timmins, a passed ball, and an error.

Gettysburg got the runs back in its half when Singley walked, Little doubled and Heyser singled.

The final run for the Squires came in the sixth on singles by T. Smith and Timmins, coupled with an interference penalty against Gettysburg.

The victory marked the third in five starts for the Warriors. Next Tuesday they play at Hanover in a South Penn league game and then play a return game with Deleone at McSherrystown next Friday. Deleone has lost three and tied one game in four outings.

## Interstate League

(By The Associated Press)

Hagerstown is undisputed leader of the Interstate league today and the loop's only undefeated team.

The Braves took over sole possession of first place last night by winning their third straight game of the season. It was a 9 to 2 verdict over Sunbury in the home opener for 1951.

Andy Bush went the distance to record his initial pitching win of the campaign. A big seventh inning in which Hagerstown scored six runs on three hits, three walks, a sacrifice and an error clinched the game. Four hurlers worked for the losers.

Defending champion Wilmington is still finding the early going a bit rough. Lancaster pounded three Wilmington hurlers for 15 hits good for 29 total bases in rocking the Blue Rocks 15 to 5. The licking spoiled Wilmington's home opener for a crowd of 2,610.

York opened its home schedule by topping Harrisburg 7, to 5. Jack Kelly made a raw night hot for York with a pair of doubles and a triple. Seven walks helped York make relief pitcher John Krall a winner. York had only eight hits but six went for extra bases.

The Salisbury Athletics—a new team in the circuit this year—recorded its first interstate victory by thumping Allentown 6 to 1. Only 916 overcast fans braved a cold night to see Bob Ziek, a 20-year-old Chicago, Ill., right hander, pitch a neat seven hit win. He struck out 11. The Salisbury infield made Ziek's work easy with three snappy double plays. Andy Schultz was the loser for Allentown.

## BOMB CHASES 30 STUDENTS

Maryville, Mo., April 28 (AP)—A natural gas tank blew up today near a college dormitory, crumbled one wall and sent 180 girls fleeing in nightgowns and pajamas.

"I thought a bomb had hit us," said Miss Sue Hood, 18-year-old coed, who sped barefoot out the campus burning building onto the campus of Northwest Missouri State college just after midnight.

Thirty girls were injured or burned and 17 were detained in the hospital. There were no fatalities despite the violence of the big blast that pitched one sheet of steel four blocks and shot flame hundreds of feet into the sky.

The explosion popped plate glass windows in the business district 10 blocks away, severed a water main and silenced telephones in part of the city of 7,000 in northwest Missouri.

Brussels, Belgium, April 28 (AP)—Broadcasts by the Voice of America and the BBC inspired 12 Polish rail workers to flee their Communist homeland in two stolen locomotives and seek refuge in western Europe, it was learned last night.

With the help of a forged collective passport, the freedom-loving 12 broke through the iron curtain and made a 17-day journey across Germany to Courtrai, Belgium. Not even the Russian border guards in east Germany questioned their credentials.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, April 28 (AP) — Nick Thiel, who spends his spare time figuring how to lure spectators to lacrosse games when he could be trying to lure hungry trout from the brooks around State College, Pa., has turned to basketball for his latest ideas.

Noticing how the fans depart when a game drags on too long, Nick proposes to shorten the time. First he'd eliminate the "center draw" as basketball eliminated the center jump. Then he'd permit the clock to run on out-of-bounds balls, saving some five minutes in time and depriving the lads of a chance to take a breather on the sidelines.

"We shouldn't settle for small crowds when we could just as easily draw large crowds," Nick argues. . . . But basketball! Doesn't he know what happened to that game?

Chandler, who has insisted he would not quit unless Mulbry was relieved of his post, gained his point yesterday when baseball's executive council accepted Mulbry's resignation.

Chandler and Mulbry, long-time friends, had a falling out recently. Chandler believes Mulbry had something to do with Major League owners voting down his bid for a new term as commissioner.

A member of the executive council, who would not permit use of his name, said on Thursday that Chandler had agreed to resign if Mulbry went. However, there were hints yesterday that the commissioner, whose seven year term does not expire until April 30, 1952, may decide to stay in office.

Chandler made no comment, but a close friend said he did not expect the commissioner to resign soon.

"Mulbry's resignation is one thing," said this friend. "It has nothing to do with what Chandler will do."

Looks like the AAU is embroiled in another battle such as it had with the amateur hockey association, with the situation the cause this time. The situation is the same: AAU still claims authority but the amateur hockey association has most of the players.

Schoolboy Rowe, who planned to pitch a little and coach at third as manager of the Williamsport, Pa., Eastern league team, changed his mind when he saw the home bench located halfway between first base and right field.

"Too far to walk; I'll coach at first," Schoolie decided.

Col. Lindbergh Resigns From Air Corps (By the Associated Press)  
New York, April 28: Col. Charles A. Lindbergh "greatly disturbed" at implications which he said President Roosevelt had made "concerning my loyalty to my country," today made public a letter to the President resigning his commission in the United States Army air corps reserve.

2d Lieut. Thomas To Instruct At Barksdale: Flying Cadet Edmund W. Thomas, Jr., 24, West Lincoln avenue, was among the ninety-seven cadets who received their wings and commissions as second lieutenants, United States Army Air Corps, last Friday, during spectacular exercises at the Air Corps Advanced Flying school, Barksdale Field, Louisiana.

Lieutenant Thomas graduated from the Bombardment Pilots Training school and is now assigned as an instructor at Barksdale Field.

Mr. and Mrs. Thomas traveled to Barksdale Field by automobile for the graduation exercises. Mrs. Thomas as pinned the "wings"—emblematic of the air corps—on the uniform of her son.

Weinbrom-Reaver: Helen Reaver, daughter of Mr. and Mrs. D. Lake Reaver, Gettysburg and Jacob Weinbrom, son of Mr. and Mrs. M. Weinbrom, York, were married March 12, at Towson, Maryland, by the Rev. McDarmann.

Myers-Murray: Miss Hilda C. Murray, daughter of Mrs. Maude Murray, Goodyear, and D. Clifford Myers, son of Mr. and Mrs. W. L. Myers, Gardners R. D., were married Sunday morning at 6:30 o'clock in Mt. Zion Lutheran church, Goodyear.

The single ring ceremony was performed by the Rev. P. J. Horick, in the presence of immediate members of the families and friends.

Rentzel-Rhodes: Mrs. Lucretia Rhodes, Dayton, Ohio, and A. Elmer Rentzel, Gettysburg R. 3, were united in marriage Saturday afternoon at 2:30 o'clock in the Lutheran parsonage at Arendtsville. The Rev. George H. Berkheimer performed the ceremony.

Kuhn-Elder: Miss Gladys N. Elder, daughter of Mr. and Mrs. Charles Elder, New Oxford, and Arthur S. Kuhn, Bendersville, were married on Friday afternoon, in Frederick, Maryland. The ceremony was performed in the Methodist parsonage by the Rev. Benjamin W. Meeks.

Mr. Kuhn is sales manager for Harshman Motors, Hanover.

Mr. and Mrs. Wm. Little Married 35 Years: Mr. and Mrs. William Little, 144 West Middle street, celebrated their thirty-fifth wedding anniversary Thursday evening. Refreshments were served and the couple received many gifts. The house was decorated with cut flowers.

Knights Plan 11th Ascension Program May 4: Uniformed and plumed knights of the grand commandery of Knights Templar of Pennsylvania and commanderies from a half dozen nearby states and the District of Columbia will come to Gettysburg on Sunday, May 4, for their eleventh annual Ascension Festival service.

The principal speaker at the cemetery will be Sir Knight and Reverend A. Gordon MacLennan, Pittsburgh, grand prelate.

Invitations went out over the names of these Gettysburg Knights: Howard S. Fox, John D. Teeter, Hubert B. Flaherty, W. Preston Hull, Luther B. Hafer, Lloyd C. Keefeauver, George R. Miller, Arthur E. Hutchison, Martin W. Klinefelter, Howard C. Kitzmiller, S. Lester Scott, LeRoy H. Winebrenner and Charles W. Myers, who is chairman of the group.

Deardorff-Cornwell: Announcement has been made of the marriage of Miss Daisy O. Cornwell, postmaster of Orrtanna, to Theodore Deardorff, also of Orrtanna, in Hagerstown, on April 5.

The ceremony was performed in the Washington Square Methodist church by the pastor, the Rev. J. M.

## Today's Talk

By GEORGE MATTHEW ADAMS  
HOW TO BE INTERESTING

Interesting people are rarely lonely! This undoubtedly is due to the fact that others are always on the lookout for such people. People who read a great deal, travel much, and write books about what they see and whom they meet are interesting people.

If you have something worthwhile to say, and say it with sincerity and feeling, you will have listeners and the more things you can talk about, the more people you know, and the more things you become interested in—these are what make an outstanding personality, one that always attracts attention.

People who are always interested in other people themselves become interesting, for nearly everyone is first interested in himself. It takes genius to impart one's personality. Not merely the interesting talker, but the intelligent listener, often becomes the most interesting one in a group. People keep their eyes on such a one, speculating upon what he is thinking.

The more we all know the more interesting we are to ourselves, and that makes people hunt us out. Dull, stupid people are not interesting, but there is many a failure who is far more interesting than the one who boasts success. People who strive are interesting, whether they win or lose.

You can become interesting the moment you begin to take an interest in other people. If you can arouse their interest in something that has greatly interested and profited you, such a person will listen to you with an open and willing mind. Cheerfulness, enthusiasm, unselfishness, and a happy outlook upon life, go far toward making one interesting.

So many people today habitually complain and find fault that when you meet a person who is full of hope and kindness, and who takes life in its stride, you feel like embracing him on the spot. It always gives me a spiritual lift to meet a person who seems to spark everyone met. How to be that sort? Just decide to be—that's all!

## Just Folks

By EDGAR A. GUEST

**ROSE THOUGHT**  
Said the red rose to the white:  
It must be we both are right.  
Which is prettier, side by side,  
Those who love us must decide.

If the Lord has favor shown,  
He has never made it known.  
Never once of roses said  
He loves more the white than red.

Here together now we grow  
And the self-same care we know.  
Some the yellow loveliest think;  
Some the white, the red, the pink.

We are roses, one and all.  
Let us not to quarrel fall.  
God has made us. No one knows  
That He has a favorite rose.

## GIANT BOMBER AND FIGHTER CRASH; 14 DIE

Carney, Okla., April 28 (AP) — A giant air force B-36 bomber and an F-51 fighter plane collided during a mock air raid on Oklahoma City yesterday, plunging 14 airmen 15,000 feet to their deaths.

Four members of the crew parachuted to safety.

An air force announcement said early today that "14 men are presumed to be dead or missing"—13 on the bomber and the fighter pilot.

At first it was believed 16 were aboard the huge B-36, but later officials said there were 17.

**Bodies Widely Scattered**  
The F-51 pilot was First Lt. Fred W. Black, Oklahoma City. Other victims' names were being withheld pending notification of next of kin. Bodies and debris were scattered over a mile-wide area in an oat field.

The tragedy near here was the air force's second costly mishap in two days. Eleven crewmen were killed and five injured when a B-29 cracked up and burned Thursday in the Azores while making an emergency landing.

The B-29 was stationed at Walker Air Force base, Roswell, N. M., and was on a training mission.

**Fighter Disintegrates**  
The F-51 disintegrated. The six engine B-36, stationed at Carswell Air Force base at Fort Worth, broke up into huge chunks.

The B-36 was getting ready to make its simulated bombing run on the capital city—50 airline miles to the southwest.

Oscar and Edgar Nettles, brothers who were in their oat field, could not see the high flying craft but heard a plane going into a dive.

"Then we heard a crash. Seconds later, pieces of the planes and bodies began falling all over. We hit the ground," Oscar said. "I saw six parachutes floating around. We found four bodies scattered in a field. There was one near a watering pond."

Five recognizable chunks of the bomber were found.

## Rep. Buchanan Dies At Bethesda, Md.

Washington, April 28 (AP) — Rep. Frank Buchanan, Democrat from Pittsburgh, died last night at the Naval Medical center, Bethesda, Md., after an illness of four weeks. He was 48.

Dr. George Calver, capitol physician, said Buchanan succumbed to internal bleeding which could not be checked. On Wednesday, he had undergone what was described as a major exploratory operation. Following surgery, his condition had been reported satisfactory.

Buchanan was married, and the father of twin daughters.

He became a member of the 79th Congress in a special election in 1946 for a seat vacated by the resignation of Samuel A. Weiss, now a judge. He had been a member of Congress since, was on the House Banking and Currency committee, and last year headed the House lobbying investigation committee.

## Press Divided On Margaret's Ability

Hollywood, April 28 (AP)—Comment on Margaret Truman's debut as a radio actress today ranged from glowing praise by her co-star and director to lukewarm reviews in the press.

One listener offered immediate approval of Miss Truman's dramatic performance. That was President Truman. After talking with him on the telephone following the broadcast, she told reporters her father "enjoyed it." She added "you'll have to ask him" about what he thought of her abilities as an actress.

Miss Truman starred last night in a radio version of the film "Jackpot," playing the wife of James Stewart and mother of two children. It is a comedy about the troubles of a family which wins the jackpot on a give-away program. Press comment was divided on her performance.

## Says Turnpike Is Military Highway

Mahanoy City, April 28 (AP) — In event of a third world war, the Pennsylvania turnpike "would become the greatest military highway anywhere in the world today," Sen. James H. Duff (R-Pa.) declared on Thursday night.

The former governor, speaking before about 2,000 persons attending a testimonial dinner for Thomas J. Evans, chairman of the Pennsylvania Turnpike commission, said the super highway also plays an important peace time role in transportation.

Duff and two other former Pennsylvania governors—Sen. Edward Martin (R-Pa.) and Arthur H. James—joined in paying tribute to Evans, a Coaldeale banker who has been with the turnpike agency since 1939.

Richard Allison and Paul Fissel have speaking parts in the production.

Sales of Pennsylvania sporting goods stores amount to more than 22 million dollars a year, according to the Census Bureau.

**Riding with Russell**  
REG. U. S. PAT. OFF.  
by FREDERICK C. RUSSELL  
Member S.C.E.

Are relatives who treat you to dinner when you take them riding the kind you love to touch?

Let's Be Specific

Experienced mechanics are not too pleased with some of the too general advice that is offered the motoring public by those well-meaning folk who do not realize what a complicated gadget this modern automobile continues to be. There is the usual suggestion to add water to the radiator when the motor has warmed up. That's good enough for oldtype cooling systems, but if there is a pressure cap removal for water checking brakes the pressure and temporarily defeats the advantages of this system. Typical, too, is advice about rotating tires. Not all rear tires can be used on front wheels satisfactorily because of their special anti-skid tread. And many a tire that has a tread especially well suited for front wheel use should not be used on the rear.

Anyone who doubts that a lot of what passes for high oil consumption is really high oil leakage should observe the black line in the center of concrete highways where cars travel fast, especially hills. All this means that when the motor is really working a lot of oil is being forced out the system. Much of this comes out the oil filler pipe as well as the crankcase vents. It may be due to excessive blow-by the piston rings, or just clogged vents.

**Storehouse Of Auto Data**  
If you have not already spent an evening delving into Floyd Clymer's highly interesting and informative "Treasury of Early American Automobiles" be sure to schedule it. McGraw-Hill Publishing company has given it a deluxe presentation, and Clymer has arranged his material with a nice sense of interest and balance. Everything that thrilled, puzzled or worried the public from 1877 to 1925 is included, proving rather conclusively that nothing really is ever wholly new. A 1907 convertible, a metal roof in 1912, and push-button doors in 1914 easily prove it. The new volume contains a complete listing of all cars ever made in the United States. There is also a listing of all steam cars. Some of the data on Gasless Sundays, the Glidden Tours, electric and advertising techniques are certain to strike a responsive chord with many readers.

The forward is by James Melton, opera and radio star, and some of his private collection of old time cars is pictured. Oddity is a statement on page 178 that the K.R.I.T. cars, built in Detroit from 1909 to 1916, used a swastika as a trademark.

**Mechanic Joe Speaking:**  
"One sign of grease on brake lining is difficult obtaining equalization, and hydraulic brakes are an advantage here because trouble getting equalized action invariably is confined to the individual brakes. Another clue is more effective braking when the brakes are cold. Fortunately it is easier to remove grease from molded lining than from the woven type. Gasoline is best for this purpose. The blow torch approach to this problem isn't favored because heat tends to glaze the lining."

**Just As Good Today**  
Some of the "don't" which I included in a "Know your car" booklet written some years ago still have an important place in the safety picture. I like the one about remembering to signal for a turn or a stop "well in advance." Then there is the reminder to stop the car in a straight line, rather than to veer off in one direction or the other during a stop. I was one of the first to stress the importance of avoiding entering the traffic stream with a cold engine. I still like the pointer about remembering to get out and relax by taking a short walk down the road when on a long trip.

**Hitching To Another Star**  
Recently we had the pleasure of welcoming the Johannesburg Star of South Africa to the growing list of newspapers using this column. The Star is an evening daily paper published in English. Johannesburg is the largest city of Transvaal, a unit of the Union of South Africa with a population of 760,591. Founded in 1887 the Star has three

competitors in the daily field and four other Sunday papers. There are 2,372,690 Europeans living in Union out of a total of 13,764,039. According to the latest available figures 406,000 passenger cars were registered in the Union. There's a car for every 23 people, a proportion exceeded by not many countries. There is, for instance, one car for every 172 people in Peru, and one for every 324 in Greece.

**That Flaky Carbon**  
Something that is just coming in for serious consideration is the difference in carbon deposits and their effects on combustion. It has generally been considered that the only kind of carbon that really bothered was the hard stuff which clung to the head and pistons and which not only insulated the engine against effective cooling but which became incandescent and thus preheated the mixture. Now engineers are finding that carbon flakes are more troublesome than previously believed. Latest slant is that these flakes glow and set off the mixture in a way to upset proper flame travel.

What to do when finding one of those modern — and expensive — combination wheel covers and hub caps seems to puzzle many, but the problem is nothing at all to a chap I met the other day. We both happened to find a lost cap at the same time. He was quick to suggest that if I did not have any use for the cap he would leave it with one of the local filling station men who has a board on which lost caps are placed. The service is a good-will gesture, and those who locate their lost caps in this way are quick to respond with a generous purchase of gas and oil, or a greasing.

**All In The Know-How**  
With conditions being what they are some motorists are trying to cut corners by doing an occasional carbon cleaning job. Unfortunately too many folk have neither the know-how nor the equipment for this sort of work. I pass this along so that there won't be so many repetitions of the trouble a friend of mine got into recently when he scraped carbon and got some of it down around the piston rings. He did not know the little trick about squirting some oil over the tops of pistons before tackling the carbon. This provides a way to catching the carbon before it has a chance to cause trouble.

**What's Your Trouble?**  
Q. What is meant by the term "chamfer" when speaking of brake lining, and what is its advantage?—H.K.N.

A. A little serious for this time of year, but the term refers to the process of cutting down the ends of brake shoe linings at an angle. It is believed to check vibration.

Q. Which tire on a car is supposed to get the most wear?—D.V.

A. I'm glad you said "supposed." According to the motor pundits the right rear tire gets 39% wear as compared with the others. This was before the days of independently sprung front wheels. Look around and you'll see that today the right front tire is more apt to be the one with the battered tread.

Q. I've got a definite case of valve stickage in the engine of my car which has traveled 65,000 miles. Several people have told me that while I could get rid of the stickage by using some solvent in with the engine oil I should not do it because this would stir up sludge.—R.D.B.

A. What's wrong with feeding the solvent oil into the engine via the carburetor, after removing the air cleaner? Or why not take down the engine pan, clean out the sludge manually, and then use additives with the fresh batch of oil?

Q. What would cause the rear bumper to become fogged near the exhaust pipe? If this were due to the exhaust gases why are not all rear bumpers in this condition?—Wm.K.J.

A. Ah, a detective in the house! The answer is that discoloration of the bumper indicates excessive burning of oil. Deposits are likely to be found on the bumper if tune-ups are used in an engine that is gummed up. Chrome polish will re-

store the bumper's beauty.

Q. The overheating of the engine in my car has everyone stumped. The whole cooling system is in perfect condition, and the engine is cleaned, oiled and tuned to perfection. Overheating is so bad I can't use the car for more than short, round-trip trips.—H.B.

A. I wonder if anyone has thought to see if the tail pipe is clogged with mud. Backing the car into a muddy embankment will sometimes do this.

Q. The engine in my car has a peculiar habit of backfiring when I am nearing the top of a hill. It never does this on the level, nor when I am running fast at the beginning of a climb.—J.K.M.

A. Well, first of all, the backfiring occurs when the engine is well heated up. That's your clue. Next, the backfiring indicates that there is preignition, mixture firing before the intake valves are fully closed. This could be due to excessive carbon, but more likely is the result of using too hot spark plugs. Their points glow. Try a cooler set.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern street, West Hartford, 7, Connecticut, and enclose stamped, self-addressed envelope for personal reply. There is no charge.

## Churchill Cancels Trip To America

London, April 28 (AP) — Winston Churchill cancelled a planned trip to the United States Friday because of the British government crisis.

The Conservative opposition leader and wartime prime minister said in a letter to Harold E. Stassen, president of the University of Pennsylvania, that "events have happened which make it difficult for me" to speak at the university May 8.

Churchill apparently was referring to the upheaval in the Labor government cabinet which many observers feel opens the possibility of a general election.

Churchill did not mention the cabinet crisis in his letter. But it was clear the opposition leader

## Explosion Destroys 72,000 Gallons Of Gas

Toy, O., April 28 (AP) — An explosion set fire to a 72,000-gallon gasoline bulk station early Friday and the flames for a time threatened a three-block industrial area.

The fire was extinguished after it destroyed a storage building, garage and five tanks of the Sinclair company plus a residence.

Firemen saved an adjoining Shell bulk station with five storage tanks containing an estimated 61,000 gallons of gasoline.

The Sinclair company lost four 15,000-gallon tanks and one 12,000-gallon tank.

Robert Moats, who lived adjacent the Sinclair plant, was awakened by the explosion and escaped with his wife and two small children. But his house and automobile were destroyed.

"It appeared that a small explosion occurred in the pump house," Moats related later, "before the big tanks let go. When I looked out the window, the whole place was ablaze." No one was injured.

Coatesville, Pa., April 28 (AP)—A workman was killed and another injured Friday when they were struck by a car on the eastern extension of the Pennsylvania turnpike. The dead man was identified as Roy William Brown, 63, of Villanova, and the injured man was Warren Norheimer, 39, of Narbon, Lancaster county, who was treated for leg injuries at Coatesville hospital.

MINSTREL SHOW  
TO BE REPEATED  
IN OTHER TOWNS

The second and final showing of the "Mighty Minstrel" by the Emmitsburg Lutheran Young Adults and Choir was held in the parish house Friday night to a large audience. Total attendance for the two nights was 590. Henry Charlton, director of the minstrel, announced to the cast after the performance Friday night that he had received several invitations from organizations in nearby towns to repeat the show. The cast voted unanimously their willingness to accept the invitations.

Emmitsburg pastors announce services for this Sunday as follows: Reformed, Sunday school, 9:30 a.m.; worship with sermon, 10:30 a.m.; St. Joseph's, low masses at 7 and 8:30 a.m., high mass at 10 a.m., baptism, 1 p.m.; Trinity Methodist, morning worship, 9 a.m.; Sunday school, 10 a.m.; Lutheran, Sunday school, 9:30 a.m., Service, 10:30 a.m., with anthem by the Chapel choir directed by Mrs. Reginald Zepp and sermon, "Stewardship of the Soil," Infant baptism, 11:30 a.m., Luther League 7 p.m.; Presbyterian, Sunday school, 9:45 a.m., church service 8 p.m.; Tom's Creek, Sunday school, 9:00 a.m., Service with sermon, 10 a.m.; St. Anthony's Shrine, masses, 7:30 and 9:30 a.m., confessions Saturday, 3:30 and 7 p.m.

## Release Turkeys

The Indian Lookout Conservation club of Emmitsburg met Tuesday night at the fire hall with 22 members attending and President W. B. Shank presiding. Frank Stinson, treasurer, reported a \$257.12 balance. A report of the stocking of 28 turkeys in the Emmitsburg reservoir vicinity was made. The club is to provide feed for the turkeys for several months. Raymond Keilholz is contributing the corn feed. One hundred peep pheasants have been purchased from the Blue Ridge Summit Sportsmen's club at a cost of \$40 according to the report given by Pete Aldrich. These pheasants will be grown in captivity until they are old enough to be released. Plans for making the Quincy Overland and Walter Ridge properties game preserves were discussed. Two new members, J. Greta Keilholz and Francis Stanley, were received into the club. A \$25 contribution was voted to the Emmitsburg Reformed church building fund.

Charles Spriggs and Francis S. K. Matthews have been appointed by the Emmitsburg Lions club to be delegates to the district convention to be held in Washington, D. C., May 23-26.

Charles Fuss, East Main street, has been recommended for appointment to the Frederick County Road board. The appointment will be made by the governor about May 1.

## Plan Canvass

A special meeting of the Emmitsburg Fire company was called by President Herbert Rogers Monday night when reports were made of the current drive and a plan to begin personal solicitations May 1 was agreed upon. It was also agreed that the fire company will donate the land for a community hall adjacent to the Hanover Shoe Co.

Daylight saving time will go into effect Sunday at 2 a.m.

Teachers from Emmitsburg attending the Frederick county teachers' annual banquet were Miss Helen Martin, Mrs. A. L. Leary, Mrs. Mary Scott and Mrs. Hazel Caldwell.

Manager Guy McGlaughlin of the Emmitsburg baseball team announces a game with Fairfield on the local community field this Sunday at 2:30 p.m.

The Francis X. Elder American Legion will hold its regular meeting at the post home Tuesday night.

## East Berlin

East Berlin—Mr. and Mrs. Fred V. Baker and sons, Michael and Billy, arrived from Rahway, N. J., this week-end to visit with her mother, Mrs. Cleason E. Smith, and with Mr. Baker's parents, Mr. and Mrs. William P. Baker, Abbottstown. The elder Mr. Baker, formerly connected here with the Peoples State bank, has been seriously ill.

Mrs. Nevin Brown, who for the past several years has spent winters in Hyattsville, Md., with her daughter, Mrs. Charles Wherley, and family, returned to East Berlin last week.

A Maryknoll Father, affiliated with the Catholic Foreign Mission society, Clark Summit, N. Y., spent the week-end at Paradise Protectors and spoke on Sunday at both masses about the work and needs of those priests in the home and foreign mission fields in America, Asia, Africa, etc. The Maryknoll Fathers are the particular charges of the Paradise parish under the Society for the Propagation of the Faith. The visiting priest, during his stay, showed the Protectors boys motion pictures of some phases of the missionaries at work.

Mr. and Mrs. Paul Lerew, Sr., have returned after a visit to their son-in-law and daughter, Mr. and Mrs. Homer S. Bloodworth, Poquonock Bridge, Conn. Mrs. Bloodworth was formerly Miss Betty J. Lerew.

The local Girl Scout troop sponsored a wastepaper collection drive throughout this area during the week, the paper to be sold for the benefit of a fund to provide official uniforms for girls not yet outfitted.

Mr. and Mrs. George L. Shetter have returned after spending several days on a motor trip to Pittsburgh where they visited their son and daughter-in-law, Mr. and Mrs. Merl R. Shetter. The couple also visited friends in Erie.

Sgt. William M. Bechtel, who has been in the army for more than two years, has been on furlough at his home prior to being sent for duty to Minneapolis, Minn. He is the elder son of Mr. and Mrs. John Bechtel, R. 2. With his brother, Charles, he spent the last week-end in West Virginia with his grandmother, Mrs. Ramsburg, and with his great-grandmother who is 96 years of age. Nelson, younger son of Mr. and Mrs. Harry Thoman, has been confined to his home this week by illness.

The George Chronister house on Harrisburg street, sold Saturday at public auction by heirs of the late Mr. Chronister, was bought by Roy Anderson, R. 1. Mr. Chronister's daughter, Miss Carrie Chronister, who resided with him and who has been very lame following a fall some time ago, is spending an indefinite time with her sister, Mrs. Elmer Wagner, York Springs.

Miss Emma Forbes and Ross Powers, Kingsport, Tenn., were guests during the week-end at the home of Miss Forbes' sister, Mrs. Samuel Wiseman, and family.

Archie M. Pentz, veteran of both World Wars in naval service, has accepted a position in Hanover.

Mr. and Mrs. Charles M. Heiner, R. 2, have returned after spending more than a week on a trip to Albany and other points of northern New York where Mr. Heiner sought court records and public libraries for further information concerning the Heiner family which has been in America since 1738.

Court. Daversa was to die early Monday morning.

The appeal was based on arguments that Daversa was denied a fair trial. Pugliese called the slaying of Theresa Daversa outside the Westmoreland county courthouse four years ago a crime of passion. He said his client tried to kill himself after the slaying.

"Daversa was driven to the shooting by his wife's unfaithfulness," the attorney said. Daversa originally was sentenced to die September 25, 1950. A long series of respites due to state and federal court appeals followed.

Annual receipts of Pennsylvania cleaning and dyeing establishments amount to more than \$2 million dollars.

**Hysteria Inoculation**  
Nobody knows the score. One day World War III is going to break out before the end of the year; the next day we are told there will be no war until next year, or maybe not until 1955. All this resolves itself into a sort of hysteria inoculation. One gets the impression that this hysteria atmosphere is promoted by way of stampeding congress into easing up on the purse strings.

There is one general point, however, upon which we can all agree—that we are passing through the most critical period in our entire history. Our technical and scientific discoveries are beginning to catch up with us. Every decision we make is fraught with grave risks. It takes less than a minute to kill half a million people, but it still takes just as long as it ever did to create a half million new lives.

That is something to think about. Science has discovered no short cut for the creation of human beings.

We just can't afford misunderstanding and disunity. We are exposed to heavier forces outside our own boundaries, and to more widespread, insidious attacks by subversive elements in our own country, than at any time since our forefathers laid the foundation of what was to become the greatest nation on earth.

A strong, healthy, united America is our first requirement; it is our first line of defense. But we cannot have a strong, healthy, unified America by government edict. England, with her planned economy, is proof of that. With billions of American dollars she gives Englishmen false teeth free but no meat on which to chew. Latest reports are that such teeth are no longer provided and that such deprivation may change the course of history in the British Empire. Could anything be more insane? A planned economy by Washington would do no better for us.

**Guide Our Destiny**  
Fortunately the future of America is still in our hands; but if we fail to accept our responsibility as

individual citizens not a single Communist gun need be fired for us to lose our wonderful heritage. Under our constitutional form of government we can guide our destiny. Nearly 200 years ago we declared that, as independent individuals, we possess certain inalienable rights. These rights are written into the Declaration of Independence and the Constitution. Our freedoms are protected against the encroachment of other individuals or groups of individuals—against even the government itself. Our American Way permits us to express our wishes and our desires through our elected Representatives in Congress. Our system is built on the theory that, although appearing stupid and uninformed at times, we at least know what we want. One thing is sure, we want no dictator to force us to do what he thinks is best for us. This doesn't mean that everyone has to be an expert in foreign diplomacy, (even the State Department seems to be shy of experts); it doesn't mean that every American has to be an economist, or a military strategist; but it does mean, when we elect or appoint our representatives and specialists, that they are to work for us and not the other way around—not we for them.

**Protect Prerogatives**  
But we must remember, too, that when our elected or appointed officials fail in their constitutional duties, or in the honest administration of the law, their failure or dishonesty is chargeable to us. It makes no difference if it be a village, city, state, or the federal government, we have the power to remove such men from office if we exercise our constitutional prerogatives.

When public officials accept graft from racketeers—mink coats and deep freezes among other things; when postmasterships are sold for cash; when the favors of a government bureau or department are traded for jobs or money, or both, please remember that the final responsibility for the correction of these unsavory practices rests with us, with you and me, as American citizens and with no one else.

What is so alarming to the whole country is our lack of competent leadership. This situation has become so alarming that the man in

the street is now demanding to know just where we are headed. He wants all the facts aired in Congress and to have Congress act as his representative, and not as a rubber stamp to a handful of men who have nominated themselves as the arbiters of our destiny.

## Can Stop Socialism

This awareness on the part of the average American, (stimulated particularly because of recent events and happenings), has given new life to our Representatives in Congress. It has reinforced the backbone of our national legislative body. You hear people say that Congress is undermining our foreign policy, but the truth is, we have no foreign policy worthy of the name. Congress is really trying to get at the facts so that you and I can come to a decision and put it into effect through regular constituted authority.

Through a re-vitalized Congress we will still have a chance to halt the swing to state socialism and dictatorship. An alert, militant electorate can see to it that we are represented by officials who will look upon public office as a public trust, who will be Americans first before they are anything else, who will safeguard our hard-won rights and freedoms as against power-hungry bureaucrats and foreign power domination.

**WOODROW WILSON SAID: LIBERTY HAS NEVER COME FROM THE GOVERNMENT—THE HISTORY OF LIBERTY IS THE HISTORY OF GOVERNMENTAL POWER, NOT THE INCREASE OF IT.**

The miracle which is America was built by individuals hard at work in a free economy—a free economy created by our Founding Fathers through the limitation of the powers of government. They believed that the people should rule the government—not the government the people. From Lexington to Iwo Jima Americans have fought for this principle, and today, more than ever before, we should renew our faith in their creed of self-reliance and individual initiative.

Women of the local Catholic parish who opened their homes this week to the Block Rosary devotion were: Mrs. Grace Smith, Mrs. Earl Weaver, Mrs. Bernard Moore, Mrs. Linus Bevenour, Mrs. George Krebs, Mrs. James Weaver, Mrs. Carl Stough, Mrs. Bernard Aumen and Mrs. Fred Klunk.

Mrs. Hartrant Stockham, near here, is recuperating at her home after a recent major operation at the Hanover hospital.

Miss Thelma Jones and Joseph Mahone, both of this section, are preparing for their marriage within the coming month. Their banns of matrimony were read Sunday at the local Catholic church.

The congregation of St. Paul's Reformed church, in charge of their pastor, the Rev. Archie C. Rohrbaugh, are preparing to conduct a rededication ceremony at the church on Sunday, May 6. Visiting clergymen have been invited to assist with the service.

The grotto of Our Lady of Lourdes at the Catholic cemetery, erected within the past year by the volun-

teer labor of parish men and the voluntary contributions of parishioners and friends, is now being further beautified by the planting of landscape shrubbery about the shrine.

The committee of the Catholic cemetery conducted a meeting during the week.

The most recent project of the local Lions club is the preparation to conduct an amateur show shortly. The Youth club of the Immaculate Conception Catholic church conducted a public card party at the parochial hall on Wednesday evening for the benefit of the church.

Harvey G. Bollinger made a trip to Baltimore during the week. The Crusaders group of the Pines Lutheran church, New Chester, met during the week at their parish hall.

Women of the local chapter, National Council of Catholic Women, who expect to represent their parish Sunday at a meeting of the NCCW

of this section of the state at St. Andrew's church, Waynesboro, have been requested to be at the meeting place at 2:30 p.m.

## AN IMPORTANT MESSAGE

THE UNITED TELEPHONE COMPANY OF PENNSYLVANIA  
236 NORTH SECOND STREET, HARRISBURG, PA.

April 28, 1951

LESTER R. THURSTON  
PRESIDENT

## To Our Patrons:

Increasing costs of providing telephone service have finally caught up with us and we find it necessary to increase rates throughout the territory.

In much of our territory this will be the first rate adjustment in nearly thirty years and there have been no general rate changes in our area in twenty years.

We occupy an unusual position in this respect as practically all telephone companies of any size have applied for general telephone rate increases and many of them have done so several times.

We have an outstanding record of growth and development, especially since the war. This has required heavy new commitments to investors who have purchased our stocks and bonds.

Our rate of return has dropped to the point where we must improve our position or we will not attract additional amounts of new capital needed to finance our rapid growth and expansion as well as to provide for improvement of our equipment and facilities.

The following shows some trends experienced in operations in the ten years since 1940.

Telephones in Service have increased	134%
Total Revenues have increased	179%
Total Expenses have increased	216%
Employees have increased	85%
Payroll has increased	333%
Plant Investment has increased	114%
Capitalization (stocks & bonds) has increased	138%

Costs of new equipment, including buildings, switchboards, poles, cable, wire and telephone instruments have generally doubled in ten years. The tax bill in this period has nearly tripled excluding the taxes paid by customers which we collect and turn over to government.

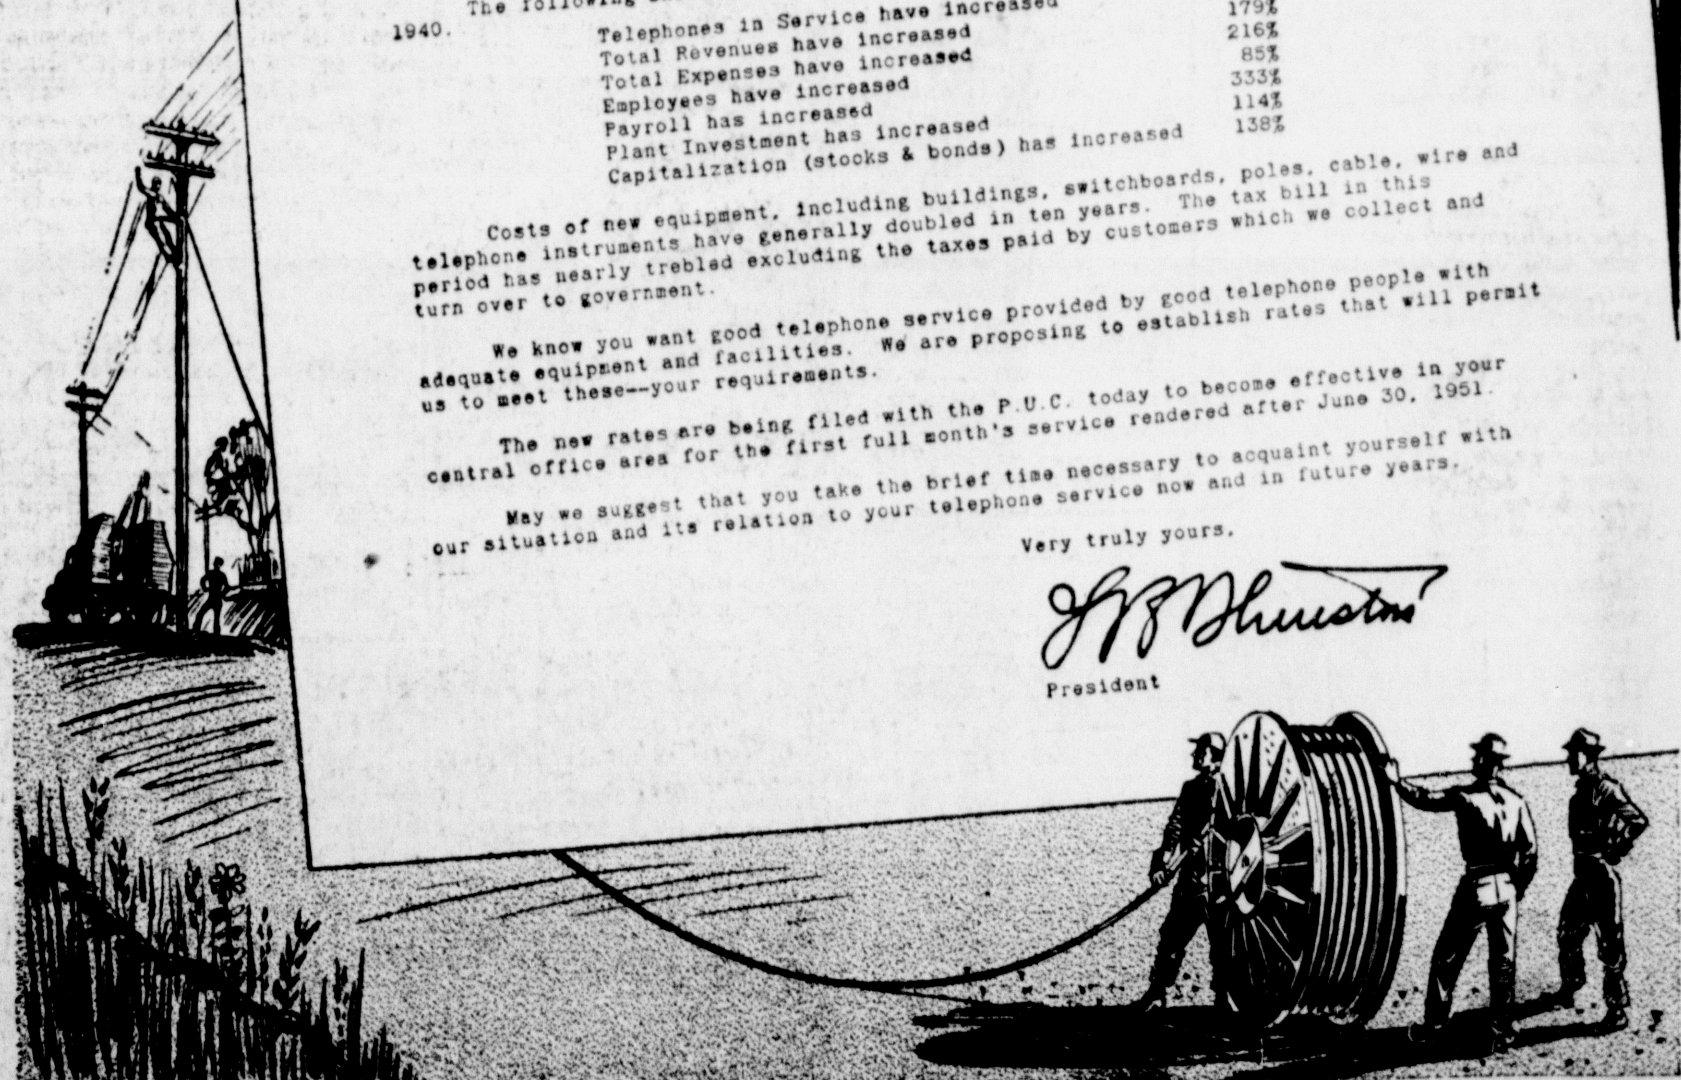

We know you want good telephone service provided by good telephone people with adequate equipment and facilities. We are proposing to establish rates that will permit us to meet these—your requirements.

The new rates are being filed with the P.U.C. today to become effective in your central office area for the first full month's service rendered after June 30, 1951.

May we suggest that you take the brief time necessary to acquaint yourself with our situation and its relation to your telephone service now and in future years.

Very truly yours,

*Lester R. Thurston*  
President

# M'FARLAND STRIKES BACK AT GOP ATTACK

By JACK BELL

Washington, April 28 (AP)—Senator McFarland (D-Ariz.) struck back today at Republican charges that President Truman's policies can lead only to stalemate or "appeasement" in the Korean war.

And Senator Wherry (R-Nebr.) denounced a Democratic charge that the Republicans have tried to "make political capital" out of President Truman's ouster of Gen. MacArthur as Pacific commander.

McFarland, the Senate Democratic leader, assailed assertions by Senator Taft (R-Ohio) that President Truman's policies would lead only to a stalemate in Korea and that Secretary of State Acheson is trying to "appease" Red China.

Didn't Advocate Stalemate

"Regardless of what we think of the policies involved, nobody has ever advocated either appeasement or stalemate in Korea," McFarland told a reporter. "We wouldn't be fighting in Korea now if appeasement had been our aim."

Wherry, the Republican floor leader, challenged statements of William M. Boyle, Jr., the Democratic national chairman.

Boyle said in a party leaflet yesterday that there had been "a determined effort by some political leaders, newspapers and radio commentators to beloud the issues" involved in the President's firing of MacArthur.

"Some Republican leaders, in the desperate and reckless partisan attacks on the Truman administration, have advocated action which would risk involving this nation in all-out war on the continent of Asia," Boyle declared.

"Rubber Stamp" Charge

He said President Truman "has been calmly and firmly working to assure this nation and the world the best chance of an honorable peace if the rulers of Soviet Russia are willing to accept such a peace."

Wherry charged, in return, that "except for General MacArthur, the military leaders have been forced to rubber-stamp policies which have been made by the politicians within the administration."

"Congress should determine the defense policies and it can't do that until it gets the facts at open hearings," he said.

MacArthur is scheduled to appear before the Senate Armed Services and Foreign Relations committees next Thursday to testify on his recommendations for blockade of the China coast, air operations over Manchuria and use of the Chinese Nationalist forces on Formosa. President Truman has called for limitation of the war in Korea, contending that MacArthur's plan might lead to World War III.

York Springs—Mrs. Parvin Bower, who submitted to an operation for the removal of a cataract several weeks ago at a Philadelphia hospital, recently returned to the hospital where post-operative treatment and examination were administered.

The local library is now situated in a room in the Daniel B. Harlacher home and was opened at the new quarters during the week.

A motion picture showing facts that persons are being taught concerning cancer was presented during the week at the local Lutheran church to women of the community by the Cancer society.

A large group of Delaware friends were entertained recently by Mrs. Maurice Bower.

Mr. and Mrs. Edgar J. Smith had as recent guests her brother-in-law and sister, Mr. and Mrs. Clarence S. Powers, York.

Mrs. Wilbur Cassel has returned home after spending several days visiting in Pine Grove.

Waste paper from local homes was collected during the week by local Boy Scouts who plan to sell it for the benefit of their treasury.

Accountant General Post Is Proposed

Harrisburg, April 28 (AP)—Sen. G. Graybill (D-Pa.) said today that legislation to establish an office of accountant general for Pennsylvania may receive Senate committee approval next week.

"The bills may clear the State Government committee soon after a meeting next Tuesday," he told a reporter.

He said some amendments will be written into the measures after a subcommittee has heard reports on a trip to Trenton, N. J., to study New Jersey's accounting system.

One amendment, Diehm said, would be to drop a provision empowering the accountant general to make pre-audits, or approving state expenditures before they are made. He said another question which might lead to an amendment involves the issue of who shall control the accountant general's office.

since 1940 operating expenses have increased 216 percent, while the gain in revenues for the same period has been only 179 percent.

Costs Are Up

"The cost of operating materials and supplies, such as poles, wire, switchboards and cable have at least doubled, and in some cases tripled, since 1940," he said. "Taxes have increased almost three times and the payroll is 333 percent higher than it was ten years ago."

"Present earnings are deemed insufficient to attract new capital necessary to enable the company to continue its service improvement and expansion program."

Manager Caldwell said there are over 4,900 telephones in use in the Gettysburg area today, nearly double the number in use in 1940, requiring expansion of both central office and outside plant facilities.

### JUNIOR PROM IS HELD ON FRIDAY

A "Roof Garden" was the theme of the annual Junior prom Friday evening in the Littlestown high school auditorium with the members of the senior class and the faculty members as guests of the Juniors. Music for dancing was furnished by Les Michener and his Gettysburgians. Dancing was held from 9 to 12 p.m. and cards were enjoyed. The auditorium was appropriately decorated and furnished for the affair. The committees to arrange for the prom were composed of, equipment, Luther Hess, William Jacoby, Harvey Duncan, Bernard Crouse, Walter Sheely, and Carl Feeser; music, Ferree LeFevre, Dolores Rae Reindollar, and Brenda Hess; program, Penny Nester, Betty Yealy, Shirley Warner, and Beverly Ann DeHoff.

Coming events at the Littlestown high school include: Tuesday afternoon at 2 o'clock a special assembly will be held featuring Al Priddy; Thursday afternoon the baseball team will oppose the Biglerville boys at Biglerville; Friday, state scholarship exam; the sophomore class will hold a food sale at 3 o'clock at Boyd's store; the annual grade school opera will be held at 8 o'clock in the high school auditorium, directed by Mrs. Joan C. Wilt, assisted by the grade school teachers; Tuesday, May 8, baseball game at Boiling Springs; Wednesday, May 9, assembly program in charge of the senior class; Thursday, May 10, baseball game at York Springs; Friday, May 11, open house including band concert, selections by the chorus, fashion show and displays by the various departments; Tuesday, May 15, baseball game at home with the New Oxford team; Wednesday, May 16, assembly program in charge of the eighth grade; Thursday, May 17, last baseball game of the season at home against Newville; Friday, May 18, athletic association banquet; Friday, May 25, sixth grade promotion; 8 p.m.; Sunday, May 27, 8 p.m., baccalaureate service, and Monday, May 28, commencement, 8 p.m., Dr. J. Gould Wickey, speaker.

Twenty-nine members and six visitors were in attendance at the April meeting of the Ladies' Aid society of St. John's Lutheran church Thursday evening at the church. In the absence of the president and vice president, Mrs. Kenneth D. James presided. The opening devotions were in charge of Mrs. James. A song service was held followed with a responsive reading. Prayer was offered by the pastor, the Rev. Kenneth D. James.

During the business session the group decided to hold a food sale during the month of May. The secretary's report was presented by Mrs. Edwin Harget. Mrs. Earl Brumgard and Mrs. Joseph Selby were received into the society membership. The birthdays of the following members were noted: Mrs. David Erb, Mrs. Louis Lippy and Miss Evelyn Asper. The hostess committee composed of Mrs. Dale W. Starry, Mrs. Noah Strevig, Mrs. Ralph Wanta and Mrs. Clair A. Beamer, was appointed for the next meeting to be held

Thursday, May 31, at the church. The meeting closed with the group repeating the Lord's Prayer in unison.

Mrs. Alvin G. Groat was in charge of the program which followed. Readings were presented by the members. The group then went to the social hall where a white elephant party was held. Refreshments were served by the April hostess committee composed of Mrs. Groft, Mrs. Paul O. Hawk and Miss Evelyn Asper.

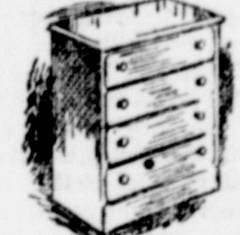

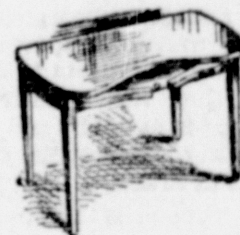

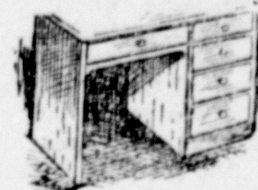

Members of the senior class of the Littlestown high school are participating in the essay contest sponsored annually by the Mason and Dixon Memorial Post No. 6354, Veterans of Foreign Wars. The title

of the essay is "What I Expect from My Community After I Graduate from High School." The work will be judged on the basis of English, originality, accuracy, neatness and extent of information. A committee of faculty members will select what they consider the five best essays. The first prize winner will receive a cash award of \$15 and the second award will be \$10.

The sophomore class of the Littlestown Junior-Senior high school will sponsor a food sale on Friday afternoon, May 4, beginning at 3 o'clock at Boyd's store, West King street.

The Suez canal is 103 feet wide and 31 feet deep.

## DOUG REVIEWS PARADE TODAY IN NEW YORK

New York, April 28 (AP) — Gen. Douglas MacArthur, after triumphant visits to Chicago and Milwaukee, today will review New York's fourth annual Loyalty Day parade featuring an estimated half-million marchers.

The general will head the huge Fifth Avenue procession in an automobile from its starting point (1 p.m., EST) at 85th street to the official reviewing stand at 67th street.

There he will be presented with a medal by Charles C. Ralls, commander-in-chief of the Veterans of Foreign Wars, sponsors of the parade since 1948 to counteract left-wing May Day activities.

The medal for the ousted Far Eastern commander was voted by the VFW at its encampment last August

in Chicago. In a statement to the encampment, MacArthur suggested American occupation of Formosa. President Truman then asked the general to withdraw his statement. It was the first open break between MacArthur and the administration.

### Spellman To Walk

The pass of paraders will be augmented by elaborate floats, about 40 bands and several dozen nationality groups wearing costumes of their native lands.

In line with the war veterans will be labor, civic, church, patriotic and political delegations.

Plans to have Gen. MacArthur and Francis Cardinal Spellman ride together in the parade were cancelled last night. One report said that the cardinal asked to march in the parade with representatives of other faiths, as he has done in past years.

The New York Times said protests by Protestant groups and individuals, caused the change in plans, with MacArthur riding only with city officials and military aides. MacArthur is a member of the Protestant Episcopal church.

## BIBLE CLASS HOLDS MEETING

Mrs. Holman L. Sell president of the Starr Bible class of St. Paul's Lutheran church, was in charge at the April meeting Thursday evening at the church. The meeting opened with a song service. The scripture was read by Mrs. Sell, followed with the group repeating the Lord's Prayer. Guess packages were contributed by Mrs. Minnie Miller, Mrs. Arthur E. Bair and Mrs. Sell and were received by Mrs. Ralph Conover, Mrs. William Dixon and Mrs. Bair. Vocal duets, "Jesus Loves Me" and "Praise Him," were sung by Connie Bair and Frank Basehart. The following members of the class presented readings: Mrs. Irvin Kindig, Mrs. Luther Heis, Mrs. Edward Plunkert, Mrs. Ralph Conover and Mrs. Sell.

A social hour was held at which time a paper bag contest and a cracker contest were held. Another contest held was won by Mrs. Irvin Kindig. Refreshments were served to the 15 members and one visitor present. The April arrangement committee was composed of Mrs. Arthur E. Bair, chairman, Mrs. Holman L. Sell, Mrs. Luther Heis and Miss Lillian Dittler. The next meeting of the Starr Bible class will be held Thursday, May 31, at the church. The committee for this meeting is composed of Mrs. Irvin Kindig and Mrs. Holman L. Sell.

Plans were made for the annual mother and daughter banquet at Christ Evangelical and Reformed church at the monthly meeting of the King's Daughters Sunday school class on Wednesday evening at the church. The program was in charge of Mrs. Irvin Markle, and opened with a song service, with Miss Joyce Berwager as piano accompanist. A reading was given by Mrs. Orville C. Seitz, followed with a vocal duet by Miss Judith Wildasin and Miss Geraldine Wildasin, accompanied by Miss Berwager. Mrs. Gerald Sterner then presented a reading. Another vocal selection was sung by Miss Judith Wildasin and Miss Joyce Berwager, to Miss Berwager's own accompaniment.

The business session was conducted by the president, Mrs. Clair Markle. Refreshments were served by Mrs. Erwin A. Robert, Mrs. George Wise, Mrs. Ralph I. Unger, Mrs. Kenneth Olinger and Mrs. Raymond Wildasin. A track meet was recently held by the Littlestown high school official's club on the high school athletic field. The officials in charge of the meet were Clayton L. Evans, starter; Maurice S. Bream, timer; Richard Snyder, high jump; Rodney L. Law, shot put, discus, and Donald C. Feeser, E. Seaball throw. The judges for the event consisted of George H. Dittlow, Charles E. Tressler, H. Dean Stover and Mr. Bream. The winners of each event will

represent the school at the Adams county track meet which will be held at Biglerville on Saturday, May 12. Local awards will also be given to the winners.

Participating in the various events with the winner listed first were as follows: Senior high group, 100 yard dash, William Rittase, 12.1 seconds; Paul Barnes, Richard Harner and Kenneth Reed; 220 yard dash, Paul Barnes, 29.3 seconds, and Richard Harner; one-fourth mile race, Harry Badders, one minute 9.9 seconds; high jump, Kenneth Reed, four feet five inches, Lewis Motter; discus throw, Thomas Bucher, 71 feet two inches, Paul Barnes and Harry Badders; shot put, Thomas Bucher, 43 feet, and Richard Hoff.

Class B, junior high school: 100 yard dash, Albert Sterner, first, 12 seconds, Kenneth Shanebrook, second, Roy Hollinger, third, and Charles Hall, fourth; shot put, David Bucher, first,
